EDUCATION

COMSATS University Islamabad   Islamabad, Pakistan
Bachelor of Software Engineering   *Sep 2021 – Present*
- Cumulative GPA: 3.74/4.00

Cambridge International Science College   Talagang, Pakistan
Intermediate in Computer Science (ICS)   *Sep 2017 – June 2021*

EXPERIENCE

Internship   July 2023 – September 2023
Intelaqt   *Remote*
- Collaborated with team members to develop and implement new software solutions.
- Worked on 3 projects (Food App, Crypto App, Scheduling App).
- Participated in daily stand-up meetings and contributed to sprint planning.

PROJECTS

Hoop Master | *React Native, Next.js, Python, LLM, Deeplearning, Figma, MongoDB*
- Developing HoopMaster, a Basketball training app that helps athletes by designing specific courses for them.
- Implementing video analysis features to analyze the game and provide feedback for improvement.
- Integrated social platform functionalities and athlete portfolio management.

Promptopia | *Next.js, MongoDB*
- Built a website where users can search, view, and add various AI prompts with authentication.
- Implemented dynamic routing and API routes for CRUD operations.

Blogging Site | *MERN stack*
- Developed features for viewing, searching, and filtering blogs, managing personal profiles, and tracking views, comments, and likes on blogs.

ConsoleHub | *Node.js, Next.js, MongoDB*
- Developed ConsoleHub, an e-commerce platform for buyers and sellers to register and transact console games and accessories.
- Implemented a Node.js backend to handle authentication, product listings, and transaction management.
- Designed and developed a Next.js frontend for user-friendly navigation and interaction.
- Integrated secure payment gateways and managed user data with MongoDB.

Personal Portfolio Site | *Next.js*
- Created a personal portfolio website using Next.js to showcase projects, skills, and professional experience.
- Implemented responsive design and smooth navigation for an enhanced user experience.
- Integrated a blog section and contact form to engage with visitors and potential clients.
- Optimized the site for performance and search engine visibility.
